Board Diversity Policy

1. Purpose
   This Board diversity policy (‘Policy’) sets out the approach to diversity on the Board of Directors (‘Board’) of Scanpoint Geomatics Limited.

2. Scope
   This policy applies to the Board. It does not apply to employees generally.

3. Policy Statement
   The Company recognizes and embraces the benefits of having a diverse Board to enhance the quality of its performance. With a view to achieving a sustainable and balanced development, the Company sees increasing diversity at the Board level as an essential element in supporting the attainment of strategic objectives and its sustainable development. In designing the Board’s composition, Board diversity has been considered from a number of aspects, including but not limited to gender, age, culture, ethnicity and educational background, professional experience, skills, thought, perspective, knowledge and length of service.

   The Company believes that a diverse Board will contribute to the achievement of its strategic and commercial objectives, including to:

   - Drive business results;
   - Make corporate governance more effective;
   - Enhance quality and responsible decision making capability;
   - Ensure sustainable development; and
   - Enhance the reputation.

   The Nomination and Remuneration committee (‘Committee’) is responsible for reviewing and assessing the composition and performance of Board, as well as identifying appropriately qualified persons to occupy Board positions.

   While all appointments to the Board will continue to be made on merit, the Committee will consider the benefits of diversity (including but not limited to the attributes listed above) in identifying and recommending persons for Board membership, as well as evaluating the Board and its individual members.

   Further, the Committee will ensure that no person is discriminated against on the grounds of religion, race, gender, or related medical conditions, national origin or ancestry, marital status, age, sexual orientation, or any other personal or physical
attribute which does not speak to such person’s ability to perform as a Board member.

Accordingly, the Committee shall:

- assess the appropriate mix of diversity, skills, experience and expertise required on the Board and assess the extent to which the required skills are represented on the Board,
- make recommendations to the Board in relation to appointments and maintain an appropriate mix of diversity, skills, experience and expertise on the Board; and
- periodically review and report to the Board requirements, if any, in relation to diversity on the Board.

The Board shall have an optimum combination of executive, non-executive and independent directors in accordance with requirements on the Articles of Association, the Companies Act, 2015 and LODR regulations.

4. Responsibility and Review
The Committee will review this policy periodically and recommend appropriate revisions to the Board.
